Dear students, it is worthwhile to observe the following items in this center:

- Attend in the center according to the schedule and with the coordination of the expert of planning of the center and only at specified time. Sign the center attendance form when you enter it.
- Students have to use the determined uniform and profile card
- Students have to be in the center with relevant professor and on specified time
- Treat models and mannequins with the same respect as a living patient.
- Most of the equipment in this section can be reused, so you should refrain from disposing of any equipment without the permission of the relevant authorities.
- Pick up and move items carefully
- Avoid using sharp, automatic tools, pens, when working with mannequins.
- After teaching or practicing the skills, students are required to take turns collecting equipment and arranging practice. There is a special place for each equipment, which is marked with a label.
- In case of any damage to tools or equipment, be sure to inform the relevant authority.

(Be careful in keeping the equipment and keeping it clean. If the equipment is destroyed, the student will be required to provide it.)

- Avoid eating any food or beverages inside the skill training stations.
- Before arriving at the station, put on a white uniform and put your personal belongings in the locker room. In any case, students are responsible for maintaining their own belongings.
- The purpose of training in this center is to learn skills in working with patients and dealing with colleagues and clients, so it is expected that students observe discipline, accuracy and respect.
- Mobile phones should not be used in this center.
- Inform the center's expert to pick up or bring any equipment or training booklet.
- In order to better coordinate with other stations, please be quiet in the center.
- Each group should have a representative to better cooperate with the center's experts.
- Attend the center for practical training with prior planning and coordination.

(To participate in self-training programs, the relevant form will be completed 3 days in advance with the coordination of the expert of the center.)

- We are ready to listen to your critical comments and suggestions, dear students, in order to make better use of the center's facilities.

Thank you
